

LABUAN FINANCIAL SERVICES AUTHORITY (LEMBAGA PERKHIDMATAN KEWANGAN LABUAN)

Circular No. : 327/2025/ALL

Date : 19 September 2025

CIRCULAR ON ADVANCE NOTIFICATION OF REGULATORY FEE REVISION

Labuan Financial Services Authority (Labuan FSA) issues this Circular to inform all market participants that a comprehensive review of the regulatory fee structure for Labuan International Business and Financial Centre (Labuan IBFC) is scheduled to be implemented on 1 January 2026, subject to the approval and gazettlement by the Minister of Finance.

Background

2. This exercise is part of the Authority's ongoing commitment to strengthen financial sustainability, align regulatory charges with supervisory intensity, and ensure that Labuan IBFC remains competitive with peer jurisdictions. Labuan FSA had previously issued Circular No. 137/2012/ALL dated 28 November 2012, which committed the Authority to conduct periodic fee reviews every three (3) years, while not mandating automatic adjustments. Since then, the most notable change has been the phased transition of regulatory fee payments into USD, implemented in 2020 and 2023.

Principles of the Revision

3. The revision has been guided by three key principles:

- (i) calibrating fees to reflect risk and regulatory intensity, with higher adjustments applied to higher-risk and digital sectors;
- (ii) benchmarking against peer jurisdictions to preserve fairness and competitiveness; and
- (iii) reinforcing regulatory sustainability by supporting Labuan FSA's supervisory, compliance, and digital transformation initiatives.

At the same time, certain status quo elements will remain, such as:

- (i) maintaining fees at or above peer levels; and
- (ii) continuing to promote strategic or niche sectors for ecosystem balance.

The salient changes under the revised fee framework are set out in the **Appendix** to this Circular for ease of reference.

4. In tandem with the revision, Labuan FSA will be introducing several service enhancements, including the roll-out of a next-generation registry platform with

integrated billing and compliance modules, a digitalised licensing application system to streamline submissions, and new enforcement and supervision systems designed to deliver greater transparency, efficiency, and risk-based oversight. These enhancements will ensure that industry participants benefit from faster turnaround times, improved regulatory support, and strengthened governance.

5. Upon gazettement of the new regulations, the revised fees will apply to both new applicants and existing entities. Market participants are therefore encouraged to continue engaging actively with their respective service providers as well as with Labuan FSA, in order to ensure readiness and a smooth transition ahead of the implementation date. Labuan FSA will continue to provide clear notification and guidance to facilitate a smooth transition. The Circular can be accessed on the Labuan FSA website at www.labuanfsa.gov.my. For avoidance of doubt, the details outlined herein remain subject to the final regulations as gazetted.
